DETERMINATION:

Does the Faulkner University MEd in School Counseling program, meet the educational requirements for initial licensure as a school counselor in Utah?

Undetermined

ADDITIONAL REQUIREMENTS FOR LICENSURE:

Utah is unable to approve an out of state program. Candidates will need to have received a professional license in school counseling from another jurisdiction and have received a Master's degree or higher in school counseling or a related field. If a candidate meets these two requirements, then they can apply for a school counseling license in Utah and we will be able to award them an Associate Educator License in School Counseling. This is a temporary license and is valid for 3 years. Candidates have that same amount of time to complete our College and Career Readiness (CCR) Certificate in order to obtain the Professional License in School Counseling. This is mandatory for all candidates, whether they complete a program in-state or out-of-state. Utah is unable to approve an out of state program. STATE VERIFICATION:

Has Utah verified the above determination made by Faulkner University?

Yes, in June 2024

DISCLAIMER:

The institution has used its best judgment to make the determination whether or not this program meets the requirements for obtainment of licensure. Furthermore, this determination is made annually and this page was most recently updated June 1, 2024. It is recommended the student check with the contact information provided above to ensure obtainment of licensure can be achieved.
